

**Executive Summary**  
**Workforce Services Policy –**  
**Eligible Training Provider List (Eligible Training Provider List) –**  
**WIOA**

**Summary of the Changes to this Policy**

1. The changes to the ETPL policy were to clarify that the responsibilities and duties related to ETPL functions would be carried out by the Local Workforce Development Board staff and not necessarily the One Stop Operator.
2. Clarification that an ETPL application must be submitted to the LWDB covering the area where the training provider is headquartered or has its main campus. Another LWDB may approve a satellite site for a training program as long as that training provider or program has been approved by the LWDB in which the provider is headquartered.
